# POG™

Purify Naturally **POG Plug-in**

# THE MOST VERSATILE ODOR ELIMINATING PRODUCT EVER!
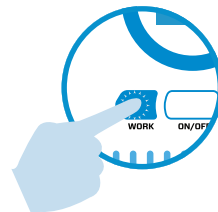

IN THE BOX

1 x POG Plugin device.

GETTING STARTED

Plug the unit into any North American standard 110V wall plugin.

TURNING ON

PUSH ON/OFF once to turn unit on and once again to turn off.

SET RUN TIME

PUSH WORK to set the length of time the unit will run. Run for 10, 20 or 30 mins or set to 0 for a one time use.
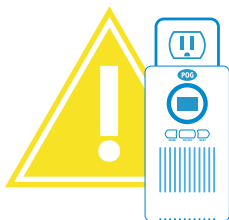

SET REST TIME

PUSH REST to set how long the unit will rest before turning on again. Run every 2, 4 or 8 Hours or 0 for a one time use. After 10 seconts the unit will start a cycle.
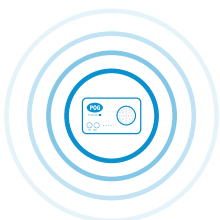

1000 SQFT

For larger rooms run the unit for longer cycles (1000 Square feet) For smaller rooms run the unit for shorter cycles.
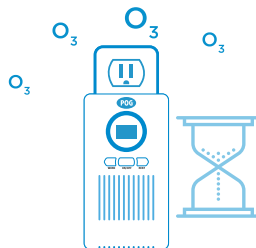

PRECAUTIONS

NOTE: In tthe case of a power failure or if removed from the wall you will need to reprogram the Plugin.
It is recommended to minimize presence in the same room while the POG performs a cycle. If you have respiratory illness, it is suggested not to enter the room while the POG is performing a cycle.
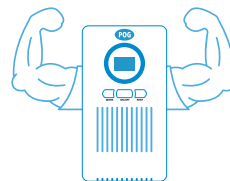

FOR UNDER 200 SQFT

Get the POG Portable and remember the smaller the space the more powerful the concentration of Ozone.

BEST PRACTICE

Please refrain from using while in the same room, after the POG Plugin has run its cycle. Allow up to 30 mins before entering a room.
Keep out of the reach of children.

OZONE IS A TOOL

Ozone is an powerful and effective tool for virtually eliminating any odor. Like any tool in the toolbox use it wisely and with caution.
